

## PRICE LIST

### Products\*

All prices are without 19% VAT.

<b>Platelet Factor 4 (PF4) – human</b>	<b>[PF4-h]</b>
200 µg	510 €
1 mg	1300 €
<b>Platelet Factor 4 (PF4) – human, Biotin-labeled</b>	<b>[PF4-h-B]</b>
100 µg	500 €
200 µg	800 €
1 mg	1800 €
<b>Platelet Factor 4 (PF4) – human, recombinant</b>	<b>[PF4-hr]</b>
100 µg	350 €
200 µg	600 €
1 mg	1500 €
<b>Platelet Factor 4 Variant 1 (PF4-V1) – human, recombinant</b>	<b>[PF4-V1-hr]</b>
50 µg	250 €
100 µg	400 €
200 µg	675 €
<b>Platelet Factor 4 (PF4) – mouse, recombinant</b>	<b>[PF4-mr]</b>
50 µg	290 €
100 µg	475 €
200 µg	750 €
<b>Granulysin (GNLY) – human, recombinant</b>	<b>[GNLY-hr]</b>
50 µg	175 €
100 µg	250 €
200 µg	420 €
<b>Glycoprotein 2b/3a (GP2b/3a) – human</b>	<b>[GP2b/3a-h]</b>
25 µg	175 €
100 µg	550 €
<b>Anti-Platelet Factor 4 (PF4) – monoclonal antibody</b>	<b>[a-PF4-h1]</b>
200 µg	210 €

\* Bulk quantities and special package sizes are available on request.  
All prices are exclusive of value added tax.

Transport costs: Free for orders above a total value of 600 €.

Prices are valid until 31.12.2018.

## Protein Analysis Services

All prices are without 19% VAT.

### SDS-PAGE (price per gel)

130 €

Includes SDS-PAGE, silver or coomassie staining, imaging and submission of the data.

### 2D-SDS-PAGE (price per gel)

445 €

Includes isoelectric focussing (IEF), SDS-PAGE, silver or coomassie staining, imaging and submission of the data.

### Western Blot (price per gel/membrane)

200 €

Includes blotting of SDS-Gels (1D or 2D) on a PVDF or nitrocellulose membrane followed by the detection of your target protein using an alkaline phosphatase reaction.

### Protein digestion / in-gel digestion

100 €

Includes tryptic digestions of protein samples as preparation for MS analysis. Samples should be delivered as a coomassie stained PAGE.

### N-terminal sequencing (price per amino acid)

50 €

Includes the identification of your protein sample by determination of the N-terminal sequence and submission of the chromatograms.

### MALDI-TOF/TOF-MS analysis – (price per sample)

150 €

Includes in-gel digestion of your sample, MALDI-TOF/TOF measurement, MS analysis and submission of the list of identified peptides. For further MS/MS analysis we will charge additional 30 € per sample.

### HPLC/FPLC-MS analysis

on request

Includes processing of your samples using High-performance liquid chromatography (HPLC) or Fast-protein liquid chromatography (FPLC) including further analysis by SDS-PAGE and mass spectrometry (MALDI-TOF/TOF). The prize of the order depends on the composition of your sample.

### Recombinant protein expression in *E. coli*

on request

Includes recombinant expression and purification of your target protein in *E. coli*. We accept *E. coli* strains that already contain your recombinant vector, or purified vector DNA. Different *E. coli* strains are available for transformation. N- or C-terminal tags (such as HIS-tag or GST-tag) are of advantage for a fast and effective purification.

\*\*please visit our website for information about special sample conditions (form) for each kind of analysis.  
All prices are exclusive of value added tax.

Transport costs: Free for orders above a total value of 600 €.

Prices are valid until 31.12.2018.
